

Surrender yourself to a warming, therapeutic revival

Our new Anantara Aroma **Hot Stone Massage** uses the alluring warmth and restorative powers of pure essential oils, combined with the healing heat of volcanic stones to release stored tension in your body and help to clear your busy mind. Smaller stones are placed on key energy centres of the body to channel their healing power towards your ultimate relaxation and to help balance the spirit within. Emerge feeling completely released and with a new sense of spirit.

Indulge in our new **90 minute** Aroma Hot Stone Massage this month at Anantara Spa and experience pure revitalisation in the heart of the Liwa Desert.

Promotion price **AED 550**
